Authorization for this examiner's amendment was given in a telephone interview with Ms. Rabiya Kader on February 4, 2005.

2. The following is an examiner's statement of reasons for allowance:

The prior arts of record fail to teach or suggest the steps of providing a first Al-Si hypereutectic alloy with a second Al-Si hypereutectic alloy, heating the first to a liquid state, combining the first and second to a semi-solid, and increasing nucleation events of primary Silicon particles in the semi-solid metal by rapidly cooling the semi-solid metal by combining the first and second alloys at different temperature and by decreasing the time the semi-solid metal remains in the semi-solid state before casting.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
